Community College Study Group Meets

School administrators and school board members taking part in a four county study to pursue the feasibility of an area community college met in West Branch last Thursday evening. The counties involved are Ogemaw, Osceola, Roscommon and Crawford.

A compilation of facts was prepared by Dr. Max S. Smith, Director of the Office of Community College Cooperation, Michigan State University, East Lansing, at the request of the four county group.

The data was presented and discussed at the Thursday meeting which was chaired by Supt. Donald Meyers of Houghton Lake. The study, according to Dr. Smith, showed that a Community College in this four county area is financially possible.

It was the consensus of the group that the four counties organize into a single intermediate school district, as provided by law, then vote as one to form a Community College District.

Another meeting is called for March 17th to be held in Grayling. Those attending from Crawford County were Supt. Joseph Stripes, Dr. B. E. Henig and Mrs. Robert Strong of Grayling and Roy Papenfus and James Madill of Frederic.

Arthur Thayer, member of the Board of Directors of Grayling Little League since its start in 1963 was elected as President for 1965, at a meeting held last Thursday evening, February 19.

Officers re-elected were James Duley and Larry McNamara, Vice-presidents; David (Skip) Hanson, Secretary; Earl Burns, Treasurer; Robert Golinick, Player Agent; Larry LaGrow, Umpire in Chief.

Making up the remainder of the board are Derek McEvers, Jack Mason and LeRoy Papendick, the latter being named to fill a vacancy.

It was decided last fall to have the minor league games start at 6 o'clock, the same time as the major league teams.

The Minor League will play at the Grayling Memorial Recreation Field this season. The field was seeded last fall and dugouts are being constructed and as soon as the weather permits work will begin to get the field in shape.

Uniforms for the minor league were obtained last year through the Moose Lodge and will be issued to all players. It is planned to have sponsors for the minor league teams this year.

Little League needs HELP! Anyone interested in the continuance of this program, contact anyone of the above members of the board. Little League needs umpires, scorekeepers, managers, coaches, etc.

There will be a Little League Coaching School held in Lansing, Saturday, February 27th, plans are being made to send all coaches and managers to this school.

Another Little League meeting will be held this Thursday, Feb. 25th at the Elementary School at 8:00 p. m.

The Conservation Department reminds you that the season on Northern Pike ends February 28.

CONTINUES PACE — Despite the wintry weather, work on the new Crawford County Library has been accelerated with the arrival of roof trusses and other material from Oregon. At present rate of construction an opening of the new building will probably take place in early spring.

Ups vs Downs

Douglas fir beams in place, new ceiling, furnace now in operation, roofing completed, and work beginning on the flooring — such is the progress of your new Library building.

Friends of the Library report that as the building goes up, the building fund goes down, and that by the first of the month the present available funds will be exhausted.

The response to the support of this fund has been gratifying and it is with thanks that a check for the amount of \$127.40 was received from St. Mary's Mens' Club for their efforts at the Carnival week-end pancake breakfast. Mrs. B. E. Henig is receiving all building fund donations.

Adventures in reading are good for a lifetime. Won't you join your Friends of the Library?

Grayling Vikings To End Regular Season At East Jordan Friday

The Grayling Vikings, with one eye on the District cage play which will start here next week, are to travel to East Jordan this Friday night to windup the regular 1964-65 basketball season.

The Vikings came up with a double win last week tripping the Houghton Lake Bobcats on Tuesday night in a nonconference fray and stopping the tough Harbor Springs Rams on Friday night.

In other conference action last Friday night, Gaylord and Charlevoix continued in a first place tie with the Blue Devils whipping Boyne City 64 to 37 and the Raiders stopping East Jordan 77 to 49. Pellston also won over Mancelona 71 to 61.

Other windup games Friday night will find Charlevoix at Harbor Springs in what could prove to be a real thriller. Gaylord will be at Pellston which the Blue Devils could find a tough one. Mancelona will be at Boyne City in a battle for the basement.

Tuesday night, Grayling took a 15 to 9 first period edge over Houghton Lake and went on to win every period for a final count of 62 to 42.

Walt Nielson and Terry Smith with 13 each paced the green and white. Richard Smith added 9, Ed Robertson 8, Pat Thompson 7, Terry Wright 6, Dave Nethers 3, Bill Tinker 2 and Art Wakeley 1. Bob Bowman with 11 was high for the Bobcats. Grayling lost Wright on five personal fouls and Houghton Lake lost Bowman and Bunn.

FRIDAY NIGHT, Harbor Springs grabbed a narrow 14 to 13 first period lead and went on to a 31 to 22 halftime bulge. The Vikings managed to cut the lead by only one point in the third frame. The score was Harbor 40, Grayling 32, as the final period started. The Vikings turned in a terrific defensive battle in the final frame to hold the Rams to only 2 points while racking up 19 themselves to win going away 51 to 42.

Terry Smith with 18 and Walt Nielson with 17 led the Grayling attack. Richard Smith added 6, Pat Thompson 4, Terry Wright 4, LeRoy Neal 2, George Lauer with 18 and Dave Wingarden with 14 were high for the Rams. Harbor lost Lauer on five personal fouls. Grayling outscored the Rams from the field 22 to 16 and added 7 of 14 foul shots. Harbor hit 10 of 13 from the free throw line.

The Grayling Jayvee team had little trouble in stopping the Little Bobcats Tuesday night 40 to 28.

Houghton Lake went ahead 11 to 7 at the end of the first canto but Grayling came back with a 12 to 4 second period to take a 19 to 15 intermission bulge. A 10 to 9 third quarter and a 11 to 4 final spelled victory for the little Vikings.

Dale Slusser and Mike Corlew with 9 each were high for Grayling with Dane Madsen ably assisting with 8, Jon McLeod 7, Steve DuBois 4 and Bob Jackson 3. Randy Smith (Continued on Page Eight)

Bear Accepts Trophy

The Bear Archery Company was recently announced as a winner of the National Leadership Award by C. C. Johnson Spink, publisher of Sporting Goods Dealer. Bear was selected for this honor by the vote of sporting goods dealers in the nation, and was in competition with over 40 other nominees for the award.

Bear's award in the specialized manufacturer category was based on a combination of quality equipment and successful promotion campaigns in behalf of the Bear dealers.

The award was presented to Fred Bear, president of Bear Archery Company, at the Palmer House in Chicago during the recent National Sporting Goods Association show in that city.

"Probably no one in the trade," said Spink, "is currently more active in promoting archery as a sport than Fred Bear, president of Bear Archery. He has had spectacular success on big game, including Kodiak bear, elephant, moose, great kudu and waterbuck, in addition to all species of big game indigenous to North America. Bear travels the globe to put bow-hunting into the headlines. In the past year he went on an African safari with Arthur Godfrey, TV and radio star.

BUSINESS-WISE, Bear products rank high in quality and the company's policy of franchised dealers and protected price is as strong as can be found in the entire trade. Bear products have been accepted among customers and the Bear policy has won an equally enthusiastic acceptance among dealers.

"Among Bear's promotions," Spink continued, "is emphasis on the theme, 'Be a Two-Season Hunter', pointing out that hunters can extend their season by adding bow-hunting equipment to their firearms."

Frank May Attends Five Day Training Course

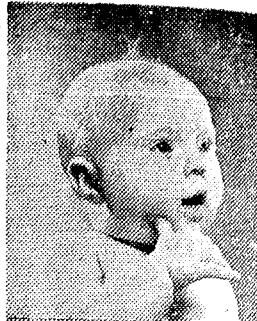

Lansing — Frank May of Grayling attended a five-day laboratory training course for wastewater treatment plant operators at the W. K. Kellogg Biological Station, Gull Lake, near Battle Creek. The course is sponsored and conducted by the Michigan Department of Health, in cooperation with Michigan State University and the United States Public Health Service.

May is one of a group of twenty sewage treatment plant operators enrolled in the course for the purpose of increasing skill in laboratory methods necessary in the operation and control of sewage plants. It will also help them maintain accurate records from which future treatment needs can be predicted and necessary steps taken to prevent water pollution.

A total of eighty operators took part in the series of courses.

Frank received by mail Friday

morning a certificate that he has "satisfactorily completed a five-day course in laboratory analyses of waste water" sponsored by the Division of Engineering of the W. K. Kellogg Biological Station, Michigan State University.

A Better Plan . . .

The American Medical Association has offered Congress a program of health care for the elderly which merits thoughtful consideration by members of Congress who are sincerely interested in helping people over 65 who need help with their medical expenses.

This new program advanced by the nation's doctors has many advantages over the controversial medicare tax program which Congress has repeatedly rejected over the past six years.

The Doctors' Eldercare Program, because it would be administered by the states, should have particular appeal to the many Americans who are becoming alarmed over the increasing trend toward destruction of our federal system of government.

The AMA plan would employ the machinery of the existing state-administered Kerr-Mills program. It would, in fact, enlarge on this program, strengthen it and make it easier for the elderly to qualify for benefits. Furthermore, it would minimize government involvement in the practice of medicine by providing benefits through private insurance agencies. One of the serious objections to the medicare tax program has been that it would permit bureaucratic interference with doctors and hospitals to the detriment of patients.

To qualify for a policy of health insurance covering a wide range of hospital and medical benefits under the doctors' plan, an elderly person would simply file a statement of income with a state agency. If his income is below a minimum established by the state, he pays nothing for his policy. If it is above the minimum, he pays a proportionate amount of the premium, increasing with the level of his income.

Thus, the plan would help those who need help to the degree they needed help.

The doctors' plan would not require a burdensome new payroll tax on the nation's workers, it would not

dissipate tax funds by providing benefits to the wealthy among the aged, and it would not create another self-perpetuating, ever-growing bureaucracy centralized in Washington. The medicare tax scheme would do just that.

Medicare would provide little besides limited hospitalization. It would not pay for physicians' services or for drugs outside the hospital or nursing home. The doctors' plan is obviously far superior.

There is no reason for Congress to act hastily and rush through an inadequate, little understood program like medicare which would create new problems without solving old ones. It isn't as if Congress had nothing better to consider. The doctors have given them something better.

Miss Laura Elizabeth Decker, daughter of Mr. and Mrs. Francis Decker, and Robert Tinker, son of Mr. and Mrs. Charles Tinker, son of Mr. and Mrs. Charles Tinker, were united in marriage Saturday evening by Justice Hans Petersen. Mr. and Mrs. Kenneth Moore attended the couple. Following the ceremony a wedding supper was served to the immediate families of the young couple at the home of the groom's parents. Mrs. Anna Decker of Roscommon and grandmother of the bride was present. On Monday the groom returned to his post at New River, North Carolina, and for the present the bride will make her home with her parents, hoping to join her husband in the near future.

"Doc" DeFoe of the Charlotte Republican-Tribune has been picking the Prettiest Woman on Charlotte streets each week. It takes a lot of courage to assume such a dangerous undertaking. Now he has added another feature — picking some of the good bakers in his city. That should bring in a lot of very delectable samples each week. A great idea, indeed.

Orders were received Monday to abandon Hartwick Pines C C Camp. It came partly as a surprise and also was partly expected. The government's policy of economy because of the war made the closing of this camp quite probable, however, it being a camp of veteran enrollees it was believed that it might possibly continue. The work of this organization at the Winter Sports park is still incomplete and would probably require another two years. Already three years have been put in on the work of remodeling the park and the construction of buildings, ice rinks, ski trails and toboggan slides and numerous other features. The concrete and steel toboggan conveyor is not quite finished due to the need of steel for the slides. Also the construction of the large club house at the foot of the ice rinks will be delayed by the closing of the C C Camp. Construction of the bob-sled track too will be delayed. Under direction of the federal and state park commissions this group of men have done a grand job. Whatever they did was done in the best possible manner and with an idea of permanency. J. B. Schwartz will probably be leaving. We are going to miss these good friends.

On Friday the thirteenth, the locals lost a close game to Charlevoix, 32-30. A week ago last Tuesday the local varsity travelled to Alpena and lost 40-25 in a slow uninteresting battle. Last Friday Grayling High school journeyed to Kalkaska and gained a couple of basketball victories. The green and white varsity won 35-20 and the reserves downed Kalkaska seconds 22-15. Ross Thompson scored twenty big points to lead the local varsity attack.

WATER POLLUTION PROGRAM REPORT

Grayling Town Hall was the
meeting place on February 18th for
a 1965-66 program planning meet-
ing for the Extension Study Groups
in the morning, followed by guest
speakers in the afternoon on Water
Pollution. This was most informa-
tive and interesting to a nearly full
house.

Mr. David D. Olson, County Ex-
tension Director, Mrs. Clifton Pap-
endick, County Chairman, Mrs.
Clayton Hildebrandt, Vice-Chair-
man, and Mrs. Claude Sloan, Sec-
retary-Treasurer, participated in
the morning meeting along with
various leaders and chairmen from
the individual study groups. Pro-
gram lessons are planned from the
topics receiving the largest num-
ber of requests which are included
in the Family Living Program Sch-
edule and fall in the category "To-
ward Improving the Planning and
Use of Goods, Services, and Other
Resources".

The afternoon program was
presided over by Mr. David Olson
who introduced the following
speakers: Dale W. Granger, Hy-
draulic Engineer and Robert W.
Parker, District Engineer of Dis-
trict No. 3, both from the Michi-
gan Water Resources Commis-
sion and Wayne Tody from the
Fish Section of the Michigan
Conservation Department.

A visual aid, "Hydrologic Cycle",
was shown by Mr. Granger as he
spoke to the group and explained
what influences our water supplies
in the lakes, streams and ground
tables. He told of the various mea-
suring devices used in recording,
and pointed out the ways water is
lost for human use due to evapora-
tion while falling or from land,
river, lakes and oceans, by plant
interception, transpiration and run-
off. We learned that the Manistee
River was the most stable stream
so far as stream flow was concern-
ed and the AuSable River is second
in Michigan. Also mentioned was
how such rivers as the Cedar or
Grand could be made more stable
with reservoirs to catch and hold

water during peak periods of flow
to be released during periods when
flow becomes slowed during ex-
tended dry spells.

The function of the Water Re-
sources Commission was explained
by Mr. Parker as he gave a
brief outline regarding the agen-
cies who have members in the
Commission. Are you aware it is
the duty of this Commission to
help provide enough water and to
alleviate problems which may ar-
ise? They have the power to order
action to eliminate pollution which
may be present due to sanitary dis-
charges in the area, from toxic
manufacturing wastes, and siltation
due to rapid run-off from land
or streets. Means of controlling
pollution were spoken about and
primary and secondary treatment
explained.

We then learned from Mr. Tody
that East of the Rocky Mountains
the AuSable River contains more
miles of stream in one intact basin
than any other, and the Manistee
River is the most outstanding trout
stream. Both are classed as hard
water streams which means they
are rich in fish. Conditions chang-
ing fishing successes include fish-
ing pressure, development in the
area, canoe or camp ground prob-
lems, as well as water quality.
Plantings of trout will be made in
productive areas rather than every-
where to produce more fish at less
loss in the management program
underway currently. The introduc-
tion of Coho Salmon and Kokanee
Salmon in the lakes was explained
as well as the possible introduction
of another game fish for shallow
water, the Striped Bass.

Mr. G. Olsom, District Di-
rector of the Co-Operative Exten-
sion Service, who was in the au-
dience, spoke briefly to the group
and thanked the previous speak-
ers for their fine presentation on
their particular topics. A thought
left with us in closing was the
reminder that "Any Law Made
Made By Man Can Be Changed
By Man — If We Are Interested
Enough".

At this time an invitation to visit
the Grayling Municipal Sewage
Treatment Plant, which is a pri-
mary treatment plant, was ex-
tended by Mr. Frank May, Superin-
tendent of the plant, and was ac-
cepted by interested ladies and
gentlemen. The tour was most in-
formative and if you did not see
this very essential plant and equip-
ment when an open house took
place August 17, and 18, 1963, let
me urge you to do so whenever the
opportunity arises. Here is a pro-
ject which cost \$134,440.59 in our
own county which requires an op-
erating budget of \$14,000.00 that is
worth your knowing something
about.

We wish to thank each and every-
one for their part in making our
day such an informative one.

Mrs. Marius Rogalle, Reporter

CARD OF THANKS

The kindness and sympathy of
neighbors and friends in our recent
sorrow will always remain with
us as a precious memory. Our sincere
thanks and gratitude to all.

CARNIVAL REPORT

The Winter Sports Carnival held
February 13 and 14 was once a-
gain a success.

As has happened many times in
the past the weather man gave the
planning committee fits. A huge
mound of snow dumped at the end
of Michigan Avenue was to become
a splendid snow sculpture at the
hands of Garrett Bufe and his tal-
ented art students. They began the
work but were literally rained out.
A light snowfall on Friday evening
helped somewhat.

The crew at the park had their
troubles too but came up with a
most attractive throne in the Val-
entine motif.

Carol Wert, Chamber President,
was in charge of publicity and with
the assistance of Wayne Clark of
Lansing and the fine cooperation of
the news media all over the state
it seems that everyone must have
been informed of the coming event.

General chairman for the car-
nival were Melvin Nielson, Mrs.
Walter Truettner and Larry La-
Grow.

Mrs. Nels Olson was chairman
of the queens. On the decorating
committee were Mrs. Roy Milnes,
chairman, Mrs. J. F. Cook, Mrs.
Glen Fenton, Mrs. Thomas Welsh,
Mrs. Herbert Wolff, Mr. and Mrs.
Robert Bovee, Mrs. Willard Cor-
nell and Harvey Rowland. Finan-
ces, or lack of them, are always a
problem, but in spite of this they
did a laudable job and the decor-
ations both at the banquet and the
gym were very pleasing to behold.

THE BANQUET, which was
served at the Michelson Memorial
church diningroom, was in the
charge of the Grayling Woman's
Club. The roast beef dinner was
very efficiently prepared and serv-
ed. General chairman of this phase
of the festivities were Mrs. Carl
Johnson, Mrs. Alex Bailey and
Mrs. Earl Burns, kitchen, assisted
by the Mesdames Barney Engel,
Kenneth Ashton, Matt Edson, Glen
Fenton and C. R. Holcomb and Miss
Margaret Douglas; Mrs. Arthur
Carlson, dining room, assisted by
the Mesdames Thomas Robertson,
Joseph Stripe, Wilfred Vigneaux,
Harold Dykema, John Latuszek, T.
P. Peterson and Roy Wedge and
the Mesdames Nancy Dykema, Chris-
tine Carlson, Darlene Portwood,
Kay Jansen and Linda Christian;
Mrs. Dale Hall, clean up commit-
tee, with helpers the Mesdames
Johanna Gorman, Stanley Stealy,
Glen Nolan and Jack Wilkins.

Queen registration was handled
by Mrs. Thomas Haugh and Miss
Jean Rasmussen. Queen's Ball
tickets were handled by Mrs. Gro-
ver Cason and banquet tickets by
Mrs. Robert Strong. Advance tick-
ets for the ball were in the charge
of Mrs. Clyde Weiss and Mrs. Dick
Rasmussen. Lodging reservations
for queens and their chaperones
were handled by Mrs. James For-
bes.

Mrs. Charles Long, Mrs. Clare
Schalke, Mrs. Francis Lemmer
and Mrs. Jack Wilkins were in
charge of the ticket booth at the
ball.

Clyde Weiss was chairman of
the checkroom. His assistants
were Earl Burns, Mr. and Mrs.
John Latuszek and Mr. and Mrs.
Les Powers representing the Ki-
wanis Club.

The food concession was manned
by Mr. and Mrs. Steve Jorgenson.
Jerry McEvers furnished trans-
portation for the queens.

Judges for the Miss Michigan
Winter Sports contest were Wa-
yne Clark of Lansing, Howard
Cogan, State Editor of the Bay
City Times, Miss Ruth Mills Ken-
nedy, Public Relations, Detroit
and Mrs. Johnny Williams, De-
troit, Mrs. Alice Carroll, Society
Editor of the Bay City Times.

Johnny Williams of Station
WXYZ-TV, Detroit, was Master of
Ceremonies at the banquet and
ball. He was introduced at the ban-
quet by Mrs. Truettner and at the
ball by Mr. Wert. Johnny's whole-
some humor was well received.
This isn't the first time he has
acted in this capacity at the car-
nival and it's always a pleasure to
have him here.

Mr. Al Nagler, well-known radio
and TV personality of WXYZ-TV,
Detroit, crowned Miss Lauri Olson
as Miss Michigan Winter Sports
Queen at the park on Sunday, and
spoke briefly at the ball on Satur-
day evening.

ALSO PRESENTED at the ball
by Lewis Stillwagon, president of
Grayling Recreation Area, Inc.,
were Vojin Baic of Grand Rapids,
National Chairman for the U. S.
S. A. Central Division Cross Coun-
try Ski Races and the young men
and women of the Leelanau Nordic
Ski Team of Glen Arbor who took
part in the cross country races
held at the park on Saturday. In
the girls' division Mimi Volland
took first place, Chris Smith se-
cond and Jeanne Dodge third, the
other team member being Sue
Zimmerman. In the boys' division
Fred Lorentzen, an exchange stu-
dent from Norway, took first place,
Mark Dzierson, second and Mark
Mason third. John DePue and
Bruce Redner made up the re-
mainder of the boys' team.

Mr. Baic remarked that the
Grayling Park has as fine a terrain
for cross country skiing as he has
seen any place in the world. He
stated that thousands of dollars
are spent to develop such trails as
we have naturally and that we
should take more advantage of our
good fortune.

Entertainment at the park on
Sunday included a skiing feature
by Mike Lovely who was made up
to look like Humpty Dumpty.

The chairman thank all who in
any way helped to make the week-
end a success.

4-H Valentine Party
The Eager Beavers 4-H Knitting Club held their Valentine Party on Saturday, February 13, 1965. Those of us who had finished our pin-cushions worked on our mittens. For the first half hour we knitted, then we had our party. Vicky Neilson brought cupcakes she had decorated. John Peters brought PDQ Chocolate Drink. Karl Kersch brought a delicious pink popcorn cake. Betty Kovicka brought homemade laffy Barbara Peters provided paper cups and Valentine decorated napkins. We finished our party early and went outside to play "King of the Castle." As we left for home, our leader, Mrs. Franz Kersch gave us each a Valentine. She had made them of heart shaped cookies with a lace paper doily backing.

Letters To The Editor
Editor's Note - The following letter was received by Elmer Kersch, principal of Grayling High School. It should prove of interest to all parents who have children attending Grayling High.
THE UNIVERSITY OF MICHIGAN

Office of Director of Admissions
February 15, 1965
Mr. Elmer L. Fenton, Principal
Grayling High School
Dear Mr. Fenton:
I want to thank you for making my recent visit to Grayling High School an enjoyable experience. It was a pleasure to discuss higher education in the State of Michigan with you and I only hope that they were able to get a little insight into some of our rather unique characteristics by my presentation.
Please feel free to contact me or any member of the Admissions staff if we can be of any service to you. I will be looking forward to visiting Grayling High School once again, and I want to extend best wishes to you for the remaining part of this school year.
Sincerely yours,

Michigan's lakes and waterways are the cornerstone of her tourist industry, needs protection, says C. R. Humphrys, Professor of Resource Development, at Michigan State University.
The estimated investment in improvements on land around the state's inland water resources is \$50 billion.
Water and lakes are valuable resources but they are fragile resources and must be protected. One of the serious problems developing in Michigan inland water is a rapid deterioration in the quality of the water. Deterioration in quality is referred to as smirchment and deterioration can exist and still not fall into the legal category of pollution.
Overdevelopment of riparian land on lakes and streams can cause serious smirchment problems. These problems now exist in Southern Michigan and will rapidly move into the north country with the explosive recreational demands.
The obvious answer to the problem is preventing water quality deterioration is legislation to permit riparian owners to zone uses on individual bodies of water.
According to Humphrys, zoning must be based on the carrying capacity of the lake. Carrying capacity is the amount of lake surface needed to carry on an activity without overcrowding and health dangers.
Better control of sewage disposal at lakefront sites is a pressing problem.
All citizens of Northern Michigan should be aware of the potential dangers of overdevelopment on inland lakes and streams without adequate zoning laws.

Frederic Baptist Church News
By Mrs. K. Allen
The week of February 7-13 was observed as Youth Week in all of our services. On the previous Saturday night the group attended a Youth Rally at the Emmanuel Baptist church in Roscommon. The Sunday School was in charge of the Young Peoples group leading in devotionals and substituting in teaching for our regular teachers in order to allow them to attend the adult class taught by the Rev. Claire Olin. This was very much appreciated by all the teachers. The evening service was a sing-a-long. There were several instrumental selections, the instruments being tonettes, mandolin, accordion, violin, flute and piano. These were very good. A colored chalk picture was drawn by Mrs. William McEachern while the Rev. McEachern gave the message. "Bear the Cross and Follow Jesus". The program was very interesting to all attending.
Monday evening service went calling.
Tuesday evening a delicious Swiss steak dinner was given in honor of the Sunday School teachers and their spouses at the home of Mr. and Mrs. Carl Johnson of the Underground Forest. The dinner was planned by our Youth Director Judy Johnson and the Rev. and Mrs. Claire Olin.
Wednesday evening prayer service and devotionals were in charge of the Young Peoples group.
Thursday evening some from the church attended a meeting at Lyon Manor Town Hall in regard to the possibilities of establishing a Christian Day School in the county. The speaker of the evening was Rev. Thomas Early of the Alpine Immanuel Baptist church in the north west suburbs of Grand Rapids.
Friday evening the young people attended the Baiture vs. Fredrick basketball game at the school and enjoyed the 5th quarter in a social hour and refreshments at the home of Mr. and Mrs. Jesse Pratt. There were thirty-one in the group.
Saturday evening a toboggan party was held on the hill. Refreshments were served afterwards at the Morien Post home, this being the climax of a week of devotionals and fun for all the young people.

Saving Lives By Checkups
Are we making gains against cancer? The American Cancer Society reports that gains in diagnosis and treatment have helped make possible the saving of the more than 1,300,000 American, now alive, cured of cancer. Every man and woman is urged to have an annual health checkup. Early diagnosis and prompt treatment are the best hope for a cure.
For some unknown reasons, some cancers grow and spread slowly while others grow and spread rapidly. Some types spread with such rapidity that they are incurable at the present time. Fortunately, about half of all cancers are of the type that are presently curable.
Except for cancer of the lung and pancreas, and leukemia, age-adjusted cancer death rates in general are leveling and in some cases dropping off, according to the ACS.

HEAD OF HOUSEHOLD
There are three separate rate schedules used in computing income tax liability. Schedule I is used by those filing a separate return; Schedule II is used by those allowed to file a joint return; and Schedule III is used by those who qualify as "head of household".
To qualify as head of household, you must be unmarried or legally separated as of the first of the year. You must have furnished over half of the cost of maintaining a household for the entire year for at least one other person who is related to you. Your dependent child, grandchild or stepchild must live with you. These persons must not have to qualify as dependents in order for you to claim head of household. Your father or mother do not have to live with you, but they must be dependent on you. They must be living with you and able to qualify as your dependents.
Where the relative is required to be a dependent, such status may not arise from a multiple support agreement. The dependent must receive over half of his support from you.
Cost of maintaining a household refers to the household itself. This would include such items as rent, mortgage interest, principal, taxes, insurance on the premises, upkeep and repair, utilities, domestic help, and food consumed in the home.
Use Form 1040 when claiming this status.

VIKINGS RIP BOBCATS — On Tuesday night of last week at the Grayling gym, the Grayling Vikings had little trouble in trouncing the Houghton Lake Bobcats, leaders of the Northeastern Class C Conference. Moving in for a possible rebound are: Richard Smith, No. 30; Walt Nielson, No. 44 and Terry Smith, No. 54, all of Grayling.

Viking Basketball

with 10 was high for the little Bobcats.

Friday night was a different story as Coach Franklin Smith's cagers just couldn't seem to get going. They lost to the little Rams 75 to 63. Grayling won only the final period. This marked but their third loss in conference play and left them tied with Gaylord, and Charlevoix for the top rung.

DuBois with 18, Corlew 17, Slusser-13 and MacLeod 10 were all in double figures for Grayling. Steve LaGrow added 3 and Jackson 2. Gordon Marrihugh with 24 was high for the little Rams with Steve Smith adding 16 and Mark Brown 15.

Woman's Club

Woman's Club met Monday evening, the 15th, at the clubhouse. Mrs. John Latuszek introduced Carl Minor, Grayling High School teacher, who presented some of his students after first telling the group about the Michigan High School Forensic Association of which Grayling High is a member.
